

Do you need a Camp? Need one Fast?

MTH provides highly mobile arctic suitable living facilities.

Last quarter MTH delivered 3 such facilities to Alaska. Sticking with our highly mobile design MTH stepped up and delivered. Meeting all of the client's criteria and delivering on time. In short we were able to manufacture top end facilities in Yakima Washington and have them operational and deployed to Alaska in a short period of time.

Fourth Quarter Showcase!

- 48 Bed Camp delivered to the Aleutian chain to providing housing for a processing plant.
- 64 Bed Camp to the Alaska North Slope. Custom built Arctic camp, meeting the client's criteria; providing a safe and comfortable living facility.
- Industrial Custom Lab facility, delivered to a North Slope operations facility.

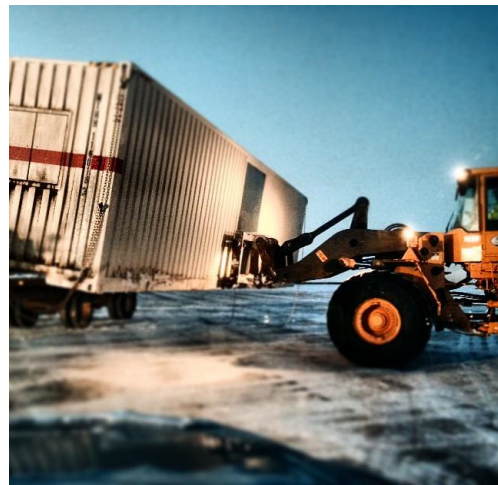

Lead Times...

MTH maintains an approximate average of 120-180 days per build depending on the following.

- **Size of facility.**
- **Custom work depending on facility final location.**
- **Client needs and criteria for facility.**

MTH Advantage

If your company is looking for the competitive edge; a real advantage is having the ability to rapidly deploy a base of operations within months of placing a purchase order.

- **SAFE**
- **COMFORTABLE**
- **MOBILE**
- **TRANSPORTABLE**
