

Current Projects

MTH is currently building a high efficiency maximum mobility camp for a North Slope Client. This compact but fully equipped facility will have all of the comfort associated with a large stationary camp while maintaining a small footprint.

- 32'x40' footprint
- 3 executive office bedrooms
- 2 double status rooms
- Full kitchen
- Dining capacity for 12

Water Storage Units

MTH has added a streamlined water car manufacturing procedure in an effort to meet customer's demands. This is beneficial for our clients because lead times will be shortened dramatically, and field deployment will be expedited to meet short lead times.

- ***Up to 8400 gallons capacity per unit.***
- ***Now offering triple containment design option!***
- ***Critical spare backup systems ready.***
- ***Custom finishing to meet client needs.***
- ***Units can be used in sequence to add capacity.***

Bed Options

Comfortable sleeping is what we provide! MTH offers a wide range of bed sizes to meet different client demands.

- Queen
- Twin long
- Twin long bunk beds
- Fold away beds
- Fold away bunk beds.

Critical Storage Containment System

Hold Everything!! How do you put a duck pond in the middle of the camp?

MTH is excited to announce that we have a solution to critical containment requirements.

We have gone to the drawing board, and took on the request of our clients to provide primary, secondary, and even redundant storage for critical fluid storage areas.

Our critical storage containment system (CSCS) will help you meet the requirements for fluid containment. Please give us a call, and we will be happy to provide you further details

MTH Advantage

- **SAFE**
- **COMFORTABLE**
- **MOBILE**
- **TRANSPORTABLE**
